

Item: _____
Fiscal Impact \$150,000.00
Funding Source Federal Safe Routes to School Program
Account No: N/A

Issue:

Cooperative Agreement with Utah Department of Transportation (UDOT) for construction of the Safe Routes to Schools Project on 5400 West for Hunter Elementary School.

Synopsis:

Upon approval of this agreement, UDOT will construct a new sidewalk on the east side of 5400 West from the Utah and Salt Lake Canal to 4100 South.

Background:

Parents from Hunter Elementary School applied for a grant from the Safe Routes to School program administered by UDOT to construct a sidewalk along 5400 West from the Utah and Salt Lake Canal to 4100 South. The grant was funded at \$150,000.00. This Cooperative Agreement enables UDOT to hire a contractor and manage the construction project on a West Valley City street. Through this contract, West Valley City agrees to guarantee access to the land to enable construction. West Valley City has been acquiring right-of-way along 5400 West to allow for this access.

In preparation for this sidewalk project, West Valley City Public Works Department will hire a contractor to pipe the open ditch and do other work preparatory for the placement of a sidewalk.

Recommendation:

Approval of the Cooperative Agreement with the Utah Department of Transportation.
